## BONDI BEACH TERRORIST ATTACK

### THE STRATEGY OF "HIDDEN SHIELD"

#### **AN OPEN LETTER TO THE PUBLIC Regarding Community Safety and the "Hidden Shield" Strategy**

Dear Fellow Queenslanders,

The recent tragic events at Bondi Beach, which claimed 16 innocent lives, have shaken our nation to its core. As we witnessed the horror unfold, we saw something that compelled us to speak: two elderly citizens who courageously responded to confront an armed terrorist, becoming among the first casualties in their selfless attempt to protect others. Their bravery, while inspiring, highlighted a devastating reality—our communities currently lack adequate protection against such threats.

#### **The Unknown Cadet 'Law and Order' Submission**

As members of the Queensland Police Cadets, Class of 1976, we bring together those who have served extensively in policing roles, from frontline officers to senior command positions. Drawing from this collective experience, we have developed what we call the Unknown Cadet 'Law and Order' Submission.
